內_ノ容_ノ摘_キ要_ヲ：

This book adds a delicious element of fun and discovery to the normally tedious task of learning the alphabet!

The clues to the letters are imaginative and fresh... Children will hold their breath as each page is turned, not knowing what it might bring. Lush, whimsical illustrations complement the guessing game.

內容摘要：

A scientist must observe things closely. A scientist can learn a lot about the world through observations. Sometimes a scientist has to check observations with other scientists. The observations of one person may not be enough to give a true picture of the world. The observations of many people may be needed.

內容摘要：

In this elegant tale, Tomie dePaola imagines how the Days of the Blackbird in northern Italy came to be. Gemma and her father, the Duke of Gennaro, live in a house with a courtyard that fills with birds of all colors through the spring and summer. When the Duke falls ill at the end of summer, Gemma begs the birds to stay to raise his spirits with their song. However, as snow and fierce winds begin to swirl down on the village, the birds must fly south to stay warm, and eventually only one loyal bird remains.

內容摘要：

One day down on the farm, Duck got a wild idea. "I bet I could ride a bike," he thought. He waddled over to where the boy parked his bike, climbed on and began to ride. At first he rode slowly and he wobbled a lot, but it was fun! Duck rode past Cow and waved to her. "Hello, Cow!" said Duck. "Moo," said Cow. But what she thought was, "A duck on a bike? That's the silliest thing I've ever seen!"

And so Duck rides past sheep, horse, and all the other barnyard animals. Suddenly, a group of kids ride by on their bikes and run into the farmhouse, leaving the bikes outside. Now ALL the animals can ride bikes, just like Duck!

內容摘要：

Aegeon, a merchant of Syracuse, is arrested in Ephesus. Aegeon tells Solinus, the Duke of Ephesus, his tale: he was shipwrecked many years ago while sailing with his wife, Aemilia, and two pairs of identical twins--their twin sons, both named Antipholus, and twin servants, both named Dromio. In the course of the storm, his wife, one of their sons, and one their servants, were lost. At eighteen, Aegeon had allowed the remaining Antipholus and Dromio to leave Syracuse for Ephesus to search for their long-lost twins, at which point both of them had disappeared as well. After five years, Aegeon had come to Ephesus to find them.
