內容摘要：

*Some bears will go to any length to get some honey. This one recruits every animal that comes along to form, well, a stack. The result? Tail of the duck to the gluteus maximus of the duck-billed platypus (with many other rears in between). Readers will giggle with delight at the bird's eye view of some hysterical animal bottoms. Follow this back-sided journey up the tree - where the real surprise awaits.*

Early in the blue-black morning, a father and son slip out of the house with their fishing poles and a can of worms. But this is no ordinary fishing trip. With their lines and bobbers, they cast high into the air to catch the breeze, the sky, the sun, and best of all -- some wonderful memories.
