內永容影摘# 要於:

Mercer Mayer's popular Little Critter has a little-bit-scary adventure in this picture-book tale. When he goes to the busy, crowded mall with his mother, he loses track of her. "My mother is lost!" he tells the nearest security guard, bravely trying not to cry. Little Critter is taken to the security office and watches for his mother on the tv screens that are all around. It isn't long before Little Critter's mother rushes to the office to reclaim her son. His mother has been found! This small, suspenseful tale treats an important subject, and its funny, satisfying ending will be reassuring to children.

But there are always a few unexpected delays that make things a little hectic. Muckle, one of the elves who helps Santa, thinks he can come up with a more efficient way of delivering the toys -- a method that won't involve Santa at all.
