What will you hear when you read this book to a preschool child?

Lots of noise!

Children will chant the rhythmic words. They'll make the sounds the animals make. Zoo animals from polar bear to walrus make their distinctive sounds for each other, while children imitate the sounds for the zookeeper.

What holds more imaginative possibility than a cardboard box? A stick, a plain old stick is a gateway to new worlds of play and wonder, where nothing is as ordinary as it seems. A stick is not just a stick: it's a conductor's wand, a painter's paintbrush, a knight's sword -- and anything else you can dream up! The playtime possibilities of a stick will inspire and delight any child who has ever journeyed into the world of make-believe.

內容摘要：

One morning a young boy wakes up to find that Dad is gone. When Mom sends the boy to deliver a cake to Grandma, he decides to cut through the forest, a route he's been warned not to take. Soon he's off on a strange, dreamlike journey full of fairy-tale allusions — a personification of a child's anxiety as reflected in the surreal illustrations of Anthony Browne. It's a haunting place where nothing is quite what it seems, until the boy — and the reader — are deeply relieved to arrive at a warm, welcoming homecoming.
