It isn't until he visits his garden again that he finds his princess, calling out to him from one of the newly blooming tulips.

內容摘要：

Retells in pictures how a pair of every manner of creature climbed on board Noah's ark and thereby survived the Flood.

In Spier's imaginative retelling, readers witness the danger and the grandeur of the terrifying flood but also the lighter moments: Noah's wife jumping on a crate to avoid the rats; Noah shooing all but two bees from a busy hive; and all the animal babies being born in the spring. It's an illustration feat that's both majestic and tender.
