內容摘要：

Blocky or small. Thick or tall.

Roundish, slope-y, fancy or dopey.

Letters look different in all different places.

That's because they have different typefaces.

From an alligator made of aaa's to a zebra made of zzz's, the alphabeasties in this book are ingeniously built out of multiple typefaces. Adults and children will be engaged and delighted with the flaps, which lift to reveal "beasties" for each letter of the alphabet.

內容摘要：

Two best friends, a minnow and a tadpole, are practically inseparable until the tadpole grows legs and decides to explore the world beyond the pond. When the tadpole, now a frog, returns to tell his friend of the extraordinary things he's seen, the minnow, now a fish, tries to follow in his footsteps, but quickly finds that land is not what he expected. Friendship truly saves the day in this imaginative tale of a fish out of water.
